Sir:

I would like to request a telephone interview on February 19, 2004. Please consider the following topics for discussion:

- The finality of the Office Action is improper because the new grounds of rejection for claim 3 is not necessitated by amendment.
- Whether the HTTP message in *Jawahar* is cached or not, the agent receives the same content as the customer. This is in contrast to the presently claimed invention that sends the HTTP message to the customer in an **unedited** form and sends the HTTP message to the agent in an **edited** form.
- In the cited portions, *Jawahar* teaches caching pages when sharing is not appropriate. Thus, *Jawahar* teaches away from sending the HTTP message to the agent in an edited form.

The Examiner is invited to call at the below-listed telephone number to confirm or reschedule the requested telephone interview.
